

Nevada's 2017 Rising Stars Schools

Overview

Rising Stars Schools meet the criteria for any state level intervention or federal Title I school improvement funds. This list is the starting point for identifying schools for supports and interventions.

Eligibility Categories

Comprehensive Support and Intervention – As defined in Nevada's federally approved Every Student Succeeds Act Plan, these are schools that

- Are in the lowest 5% of schools based on their Index Score
- Are low performing schools, expected to align with a 1-Star Rating on the Nevada School Performance Framework.
- Are High Schools with a graduation rate below 67%
- *Are downward trending 2-Star schools (does not apply this year since there are not two consecutive years of index scores available)*

Eligible for the Nevada Achievement School District – As defined in NRS 388B.200, these are schools that

- Are in the lowest 5% of Elementary or Middle Schools based on their Index Score
- Are High Schools with a graduation rate below 60%
